

After a gruelling 12 hour shift underground - they'll be after more than a sandwich!...

Setting the standards

How do you deliver thousands of meals 24 hours a day, seven days a week in some of the most remote regions of the world without compromising on quality or service?

How do you guarantee the delivery of fresh, premium ingredients to remote sites far removed from any kind of infrastructure, delivering a food service that not only sets industry benchmarks but offers variety and choice every day?

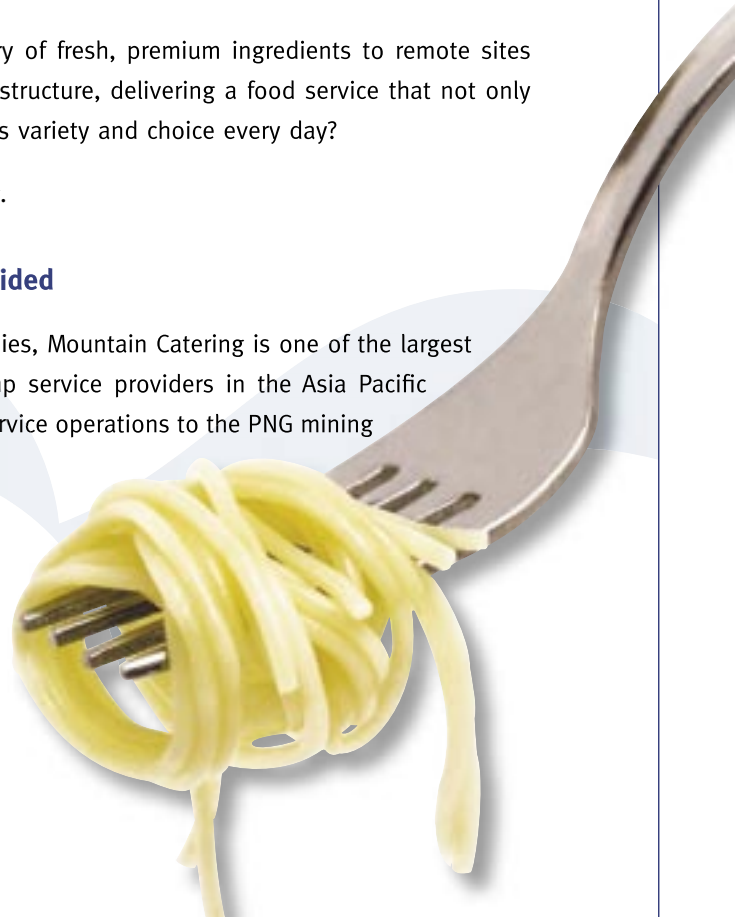

How? With iPi's Mountain Catering.

Quality Assured - Quality provided

As part of the iPi Group of companies, Mountain Catering is one of the largest volume industrial caterer and camp service providers in the Asia Pacific region, providing extensive food service operations to the PNG mining and resource sectors.

Mountain Catering successfully balances variety and taste with nutrition, consistency, reliability, food safety and value for money. All meals are prepared with the best ingredients using the latest safe food handling procedures and safeguards.

Experience and commitment - a winning combination

At Mountain Catering we understand the intricacies of the environments in which we work and customise our service accordingly. Whether it's providing Caesar Salad to the Highlands of PNG, ice cream cake to outback Australia, or Beef Wellington to the jungles of Indonesia, Mountain Catering can deliver.

Mountain Catering's management team is second to none. Our managerial staff has extensive global experience in large scale hospitality and commercial catering and can set up operations in any country in any conditions. The team oversees all aspects of the company from supply chain through to selection of ingredients, making sure all variables are managed and ensuring total customer satisfaction.

Training for the future

iPi's Mountain Catering boasts experienced and qualified chefs who understand their client's food requirements. The company is also committed to employee training and takes on a number of apprentices each year who are provided with direct access to Australian TAFE Hospitality qualifications.

Anywhere - Anytime

Continually striving to increase our high level of quality and service to all industry sectors, iPi's Mountain Catering's large-scale, remote-area food provision is guaranteed to keep your valued workforce smiling and content. Our objective is to provide nutritional, varied and mouth watering food 24 hours a day, seven days a week - no matter what the location or how extreme the conditions.

Supply chain security

A significant component to our success in being able to deliver on such a large scale, is the substantial support network and backup provided by our parent company, the iPi Group. Logistical support in terms of supply chain, storage, and administrative assistance all serve to promote exceptional catering solutions for our clients.
